The SLV Wetland Focus Area Committee performs a vital role in the ranking of projects which in turn helps the applications compete statewide for funding.	The SLV Wetland FAC also promotes various projects through partnerships as well as monetarily depending on if funding is available and can be delivered through other partner groups. Currently the SLV Wetland FAC is not an established or official entity such as a 501(c) 3 but works as an ad hoc group to support wetland conservation throughout the region.	<a href="https://www.adams.edu/about/salazar/2020/04/SLVWetlandWildlife">https://www.adams.edu/about/salazar/2020/04/SLVWetlandWildlife</a>	CO Rio Grande and/or Tribes
